REMARKS

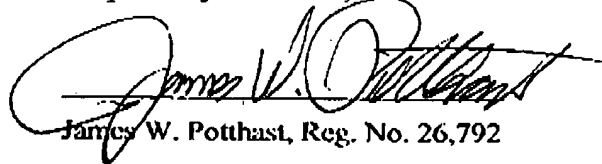

(Appln. No. 10/666,575-Amendment C)

Enclosed is a terminal disclaimer with respect to all of the claims, as requested. This disclaimer should obviate the basis of the rejection of claims 18 and 19 under the doctrine of nonstatutory double patenting, and withdrawal of the rejection on this basis is requested in light of the submission of this disclaimer.

All outstanding issues are now resolved, and all claims rejected or objected to should now be allowed. All other claims have already been allowed.

Accordingly, this application should now be passed to issue.

Respectfully submitted,
